

# Welcome Back Everyone

## BIG NEWS Nursery Vegetable Patch

To support our theme the children will be spending lots of time in our vegetable plot.

Check out dojo for regular updates!

If you would like to do some planting at home just send us a dojo message and we will put together a little planting pack for you!

We hope to hold our very first plant sale this half term.

You will be able to buy houseplants that the children have planted and looked after!

Check out dojo for more information!

Why not try this one at home?

Why not try and make your very own dandelion?

If you need any bits of black paper, or green or white paint just ask a nursery adult when you next see them. We have lots and are great at sharing, even paint which we put in little pots just for you!

Our theme this half term is called 'Green Fingers'. We will be thinking about what plants need to help them thrive. We will then put what we have learnt into practice. We will plant flowers to attract the bees and vegetables to hopefully eat!

As always, please check out the Nursery page on the school website. It's packed full of pictures, videos and top tips!

## Get in the garden with CBeebies!

A Year On Your Farm

Plant pots

Get Out and Grow

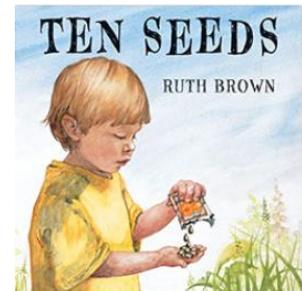

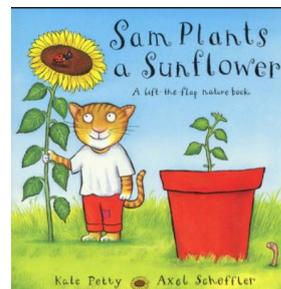

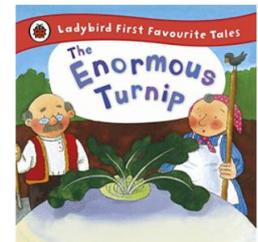

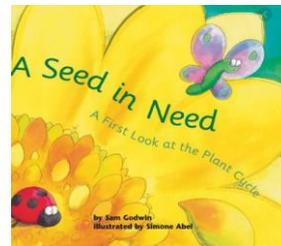

Why should children play outside?

Check out Cbeebies for some great shows all about planting!

This term we are all about understanding what plants need to help them grow.

These are some of the books we will be sharing this half term:

## COMPUTING CORNER

When in the garden you're sure to spot some ladybirds. Give this counting game a try. Lots of ladybirds and lots of spots to count!
